GLIDES & HINGES

BLUM MOVENTO is a concealed runner system for pull-out drawers, featuring a synchronized and smooth glide, 4-dimensional adjustment options, full extension, high stability, and load-bearing capacity. It is compatible with all four motion technologies, offering soft and effortless opening and closing of furniture.

BLUMOTION offers soft-close technology that is integrated into the hinge boss, ensuring a smooth, effortless closing experience for cabinet doors of any size or weight. It can be deactivated for smaller or lighter doors while maintaining high-quality motion.

COUNTERTOPS

We source a range of materials for countertops, such as Granite, Laminate, Quartz, and solid surface choices like Corian and Meganite.

Meganite stands out as a favoured solid surface option for countertops.

Crafted from a combination of natural minerals and acrylic resins, it forms a robust and non-porous surface, displaying resistance against stains and scratches.

Moreover, its antimicrobial properties make it an excellent choice for kitchens and medical applications.
