

Ventilated Shelving

Built to Last a Lifetime

Lifetime Ventilated

BUILT TO LAST A LIFETIME

Organized Living Lifetime Ventilated is the strongest ventilated storage system on the market. It provides the strength and durability that homeowners expect. The thickest wire gauge, epoxy powder coating, and patented hardware combine to offer ventilated shelving that's built to last a lifetime.

Why Choose Lifetime Ventilated?

- Limited lifetime warranty.
- More than 30% more steel than other systems. This strength means no sagging shelves or callbacks.
- Holds up to 50% more weight — 75 lbs per linear foot.
- Green features contribute to more LEED points than other shelving systems.
- Templates for easy, accurate installation.
- Available in White and Nickel finishes.
- Manufactured with virtually indestructible epoxy powder coating to resist cracking, chipping, peeling and discoloration.
- The patented hollow wall anchor system is strong enough to hold in drywall and can be installed without the limitations of going into blocking.
- Lifetime Ventilated's strength cannot be matched, which means it cannot be replaced in specifications.
- Supported by strongware design software.

MADE IN THE USA | NO BLOCKING REQUIRED | HOLDS UP TO 50% MORE WEIGHT

Shelftech Ventilated

Shelftech matches the steel in competitive brands found in big box retailers, which makes it a good option in price-conscious projects. Organized Living hardware and comprehensive support programs continue to make it the right choice above all others.

Why Choose Shelftech Ventilated?

- 10 year limited warranty.
- Holds 45 lbs per linear foot.
- Manufactured with virtually indestructible epoxy powder coating to resist cracking, chipping, peeling and discoloration.
- Green features contribute to more LEED points than other shelving systems.
- Available in White finish.
- Proprietary pin-driven hardware.
- Standard quality with steel where needed for high strength.
- Price-conscious solution that matches competitors.
- Works with the strongest patented hardware to support each shelf system.
- Made in the USA.
- Supported by strongware design software.

STRONG, DURABLE | FAST, EASY INSTALLATION | TRUSTED QUALITY OF ORGANIZED LIVING

Organized Living Ventilated Shelving Compared to the Competition

HOLDS MORE WEIGHT

Hanging open to open installation

SUPERIOR HARDWARE

Only Organized Living uses a true hollow wall anchor that rosettes to create a 360 degree contact behind the wall.

STEEL WHERE IT COUNTS

Front Rod Linen Shelf

43% more steel than ClosetMaid

37% more steel than Rubbermaid

26% more steel than Shelftech

These are true scale comparisons of uncoated rods.
